Re: Rock Paint & Chemical and Revere Copper & Brass Sites  
Administrative Record Update

Dear Mr. Kenney:

Resource Applications, Inc. is a subcontractor to PRC Environmental Management, Inc. and has been asked to compile an Administrative Record update on the above mentioned removal sites.

Enclosed please find copies of the Rock Paint & Chemical and Revere Copper & Brass Site Administrative Record indices. If you have any additional materials to add to these records, please contact me by September 13, 1991 at (312) 332-2230. I have not been able to find out who the OSC is for Revere Copper & Brass. If you could let me know who that is I would like to contact them too. The contract for this project will be ending at the end of September. In the event I have received no word from you by this date, I will assume that the records are complete.

Thank you for your consideration in this matter.

Very truly yours,

RESOURCE APPLICATIONS, INC.
